Suppliers of your Requirements for Violins, Violas, Cellos and Double Basses

**BRIDGE ACOUSTIC INSTRUMENTS**

We are pleased to now be the Sole Stockists (with the exception of Bridge themselves) of the amazing Bridge Range of Acoustic Instruments. These fine Instruments include the Siren Violin in 4 & 5 String variants, and the Woodstock Violin, also in 4 & 5 String variants.

Also stocked are the Siren and Woodstock Cellos, and when available the Viola as well.

The 5 String Violins are a great innovation for those violinists, also wanting to step into the realms of the viola without sacrificing the violin. Amazingly the `C` string really works, and players who have purchased these violins have remarked at how easy the experience is. The bridge curvature is just right to enable playing all 5 strings with ease. The unmistakable Bridge Headstock, based on the 1710 Stradivari Viola da Gamba, points out the pedigree of these beautiful instruments.

We have no hesitation in suggesting that these instruments will be considered in future years as among the best, and will command the kind of price, which a master instrument will cost.

We are pleased to say that our prices are considerably lower than Bridge themselves, and that is with a full Luthier set-up, as opposed to a Factory set-up.

Currently we have in stock the full range of violins & cellos, but at these prices they won't stay long.

<b>Siren &amp; Woodstock 4 String Violin</b>	<b>£800</b>
<b>Siren &amp; Woodstock 5 String Violin</b>	<b>£900</b>
<b>Siren &amp; Woodstock Viola still awaited Price</b>	<b>£1350</b>
<b>Siren &amp; Woodstock Cello</b>	<b>£2150</b>
